

## SCREEN MIRRORING WITH AN AMAZON FIRE TV STICK: PHONE OR TABLET DEVICE

Connecting an Amazon Fire TV Stick to your TV lets you display your phone or tablet's screen on the TV screen.

### How to stream:

**Step 1:** Go to the Settings menu on your Amazon Fire TV Stick.

**Step 2:** Select Display & Sounds, followed by Enable Display Mirroring.

**Step 3:** On your phone or tablet device, select the screen mirroring option (you will need a device that has this capability – not all do).

**Step 4:** Select the Amazon Fire TV Stick device you want to connect with and your device's screen will now be mirrored to the TV.
